

Miami Arts Studio 6-12 @ Zelda Glazer

Homework Policy

Miami Dade County School Board recommends the following:

- Grades 6-8 75 minutes
- Grades 9-12 120 minutes

Guidelines suggest that students should also read for 30 minutes in addition to homework assignments. Additionally, specialized programs such as performing arts, gifted, and IB, Cambridge, or AP may receive increased levels of homework due to rigorous course work or performing arts demand.

Students' Responsibilities:

- Record homework when assigned by teacher.
- Complete homework by due date.
- Complete all assignments legibly and neatly.
- Seek clarification or assistance from teachers when unclear or unable to complete assignment prior to due date.
- Establish a regular weekly study schedule for completing assignments that are free from distractions.
- Ask for missed work when absent and make it up in a timely manner.
- Prioritize projects by due date and make sure to turn them in on time.

Parents' Responsibilities:

- Provide a quiet space and basic materials for homework completion.
- Review daily agenda to check for assignments that are due.
- Monitor that assignments get completed by due date.
- Assist when needed to complete an assignment.
- Encourage and support good behavior and practices at home.
- Check child's progress through the gradebook, progress reports, report cards, website and/or teacher.
